Appreciation

The Alberta Musical Festival (when held in Calgary) is made possible through the efforts of a small voluntary committee of Calgary citizens, whose aim is to present and foster music in Calgary. They ask the support of musicians and students to make this Festival a success. No pains are spared to obtain the best Adjudicators so that the competitors may get the benefit of their advice and criticism. The spirit of the Festival should inspire all eligible musicians for the sake of their art, fellow-musicians, and themselves, to get into the race on the road the excellency and to set as keen a pace as they know how. There should be no room for complaisancy.

We wish to thank the Advertisers and those that have made possible the printing of this programme, and ask the support of the readers to these friends.

Attention

Attention of competitors is called to the fact that the time of competitions given in this programme is only approximate, and that competitors are requested to be on hand prior to the scheduled time in case of emergency.

ADVERTISERS, MUSIC HOUSES, PROFESSIONAL TEACHERS

Your attention is called to the large number of Patrons patronizing the Alberta Musical Festival, representing a high percentage of the purchasing power of Calgary and district, also the unequalled advertising medium that can be obtained by using the Musical Festival Syllabus and Programme to put their products and professional services before the Musical Public.

TROPHY CUPS

Latitude of selection is an important feature of Birks' display of trophies, embracing awards suitable for all competitions at fair and reasonable prices. Victorious contestants will take added pride in a trophy which bears the name BIRKS.
